Mrs. Sidney Stegenga of 148 West 10th St. has found that an orphan baby squirrel thrives on a formula of half milk and half water as well as any baby. The pathetic little critter was found last week by Jud Hohl who gave it to 14-year-old Lloyd Stegenga who mows his lawn. Lloyd took it home to his mother who established the baby squirrel in a bird cage and fed it via an eye dropper. Now the frisky little squirrel begs for his supper and stands on his hind legs for his nourishment. (Sentinel photo)

Record Enrollment Taxes Christian School Facilities

Problems pertaining to a record enrollment in the Holland Christian school system occupied the board of trustees in its regular monthly session Tuesday night. A tremendous enrollment has taxed the facilities of the school system, with the major problem in the high school, although the elementary schools are also crowded even though the new West Side school opened this fall.

Supt. Bert P. Bos in a detailed enrollment report to the board outlined the major obstacles facing the administration and the teaching staff at present. He reported that the total number of students in the system is now 1589, an increase of 152 pupils over last year. The high school, which has been overcrowded for some years now faces a new problem with an additional 44 over last year. Two rooms in the Prospect Park church are now being used for high school classrooms with additional room urgently needed. Bos announced. The board authorized Bos to contact the Prospect Park church and the Protestant Reformed church in an effort to secure more rooms.

In his report, the superintendent showed that since 1942, the total number of students in the school system has more than doubled, jumping from 755 to 1589. In 1942, the high school had 259 students, compared with 550 today.

Dealing with the elementary school situation, Bos said that a serious problem is developing due to the large kindergarten enrollment this year. There are 133 pupils enrolled in the kindergarten, and Bos said the problem will be acute when they become first graders next year, because kindergarten pupils are split into morning and afternoon sections this year. Even with three elementary schools in operation this year, Bos said he expected more housing problems soon.

The junior high is also feeling the enrollment pinch with 217 pupils listed in grades seven and eight, compared with 117 in 1942. At present the intermediate department is using two basement rooms in the Fifteenth Street building which were set up for only temporary use in 1946.

Breaking the enrollment down by schools, Bos reported 302 in the Central Ave. school; 264 in the South Side school; 256 in the West Side school; 217 in the junior high school and 550 in the high school.

In an effort to alleviate the situation, the board authorized the education committee to secure another high school teacher. It also is investigating the possibility of temporary housing for the overflow high school students.

Retiring board members are J. Jonker, H. O. Rottschaefer, R. Vander Meulen, H. H. Windemulder and J. Zwier. The school budget was approved as recommended and plans were formulated for the annual society meeting to be held Sept. 24.

The Rev. Oliver Breen, president of the board, presided.

Hope Graduates Complete Flight Around the World

Dr. and Mrs. Chris A. De Young, well known in the Holland-Zeeland area, have returned to their home in Normal, Ill., after a two-year leave of absence during which they helped promote international relations in other countries.

As professor of education and former dean of Illinois State Normal university, Dr. De Young was granted a leave two years ago to work with the American Council on Education and National Education association as co-ordinator for panels on public education and teacher education.

In that capacity he worked nine months with Pentagon and State department officials in Washington, promoting exchange of teachers between the United States and various countries, particularly Germany, Austria, Japan and India. In June, 1950, the De Youngs flew to Germany where Dr. De Young served as co-ordinator of a workshop in social studies. The De Youngs visited 11 European countries and returned in October for 10 weeks before they left for India where Dr. De Young was appointed a Fulbright lecturer.

En route to India, they had an audience with the Pope in the closing ceremony of the holy year in Rome, spent a week in Egypt and flew by Busrah and Baghdad to spend Christmas with college friends. While in Iraq they visited Babylon where they saw the ruins of the hall where King Nebuchadnezzar asked Daniel to interpret the handwriting on the wall. They also visited the site of the Tower of Babel from which the stones had been removed, leaving a small lake.

From Iraq they flew to Karachi, Pakistan, and then to Secunderabad where Dr. De Young delivered the Kattri memorial lecture at the annual meeting of the All India Federation of Teachers association Dec. 28.

In Delhi, the capital of India, Dr. De Young served as Fulbright lecturer at the Central Institute of Education, University of Delhi, and worked with the Central Ministry of Education for the government of India. In addition the De Youngs went on a public lecture tour in many places in India, Pakistan and Ceylon.

Wire Clippers Just Aren't a Free Pass

Allegan (Special)—Fair officials just won't honor a pair of wire cutters as a free pass to the county fair.

Officer Joe Merrill, on guard on the fence near the 4-H building, said he saw the uninvited guests parade through the fence hole as Elzinga stuffed the big shears in his clothing.

Merrill's men put the extras out and accompanied Elzinga to the front gate while he paid the regular admission price. But later he went to the county jail to await arraignment this morning on a charge of malicious destruction of property.

He paid \$25 fine, \$5.30 costs and paid restitution of \$15.

Holland Soldier Calls From Tokyo

Another Holland family was cheered by a telephone call from their serviceman son and brother when Corp. Willis E. Driesenga called his family, Wednesday morning from Tokyo.

Mr. and Mrs. Henry Driesenga, 349 Maple Ave., were routed out of bed at 3:50 a.m. Wednesday by the operator telling them a call was coming through from Tokyo. At 4:10 a.m., the family got up and ready to talk, gathered around the telephone and heard Willis say "Hello" and "what time is it in Holland? It is 7:10 p.m. Wednesday in Tokyo."

Bruce Allen Driesenga, Willis' five-year-old brother had quite a story to tell his classmates at Washington school Wednesday.

Willis is on a 10-day leave from Korea and is expecting a rotation furlough after serving in Korea since Feb. 8, 1951.

Driesenga entered service in Sept. 1, 1948 and served as a personnel administrative technician until his discharge Dec. 14, 1949. He was recalled into service Nov. 24, 1950 and was sent to Fort Lewis, Wash., and sailed for Korea in February, 1951. His present address is Corp. Willis E. Driesenga, E. R. 16289485, Hq. and Hq. Exchange Club Hears Raphael

The current season of the Holland Exchange club got underway Monday when Edwin Raphael, local manufacturer and chairman of the Port of Holland Authority, explained functions of the new harbor code as well as reporting on attending meeting of the Midwest waterway unification at Omaha, Neb.

He said the local port authority was organized as a legal entity by 13 interested groups in Holland city, Holland township and Park township to provide for safety on Lake Macatawa and harbor, yet allowing the maximum pleasure for all concerned. Another aim of the authority is to establish a water front and water control pattern under local jurisdiction.

He also discussed the vital need of a deep waterway to connect the Great Lakes with the St. Lawrence river, providing access of ocean ships to inland America as well as opening up new sources of iron ore from the Saguenay area to the midwest steel mills which otherwise face a "complete shutdown in four years when the Mesabi range plays out."

The St. Lawrence waterway would be self-liquidating from tolls and the sale of one and a half million kilowatts of electrical energy, Raphael explained. The cost would be equally shared by the United States and Canada. He emphasized the future of Michigan and the jobs of 4 million workers are jeopardized by lobbyists from the east who block this project. He also pointed out advantages Holland would share in becoming a port in which ocean going vessels could discharge tourists.

Dr. J. R. Mulder, new president, took charge of the meeting. Charles R. Sligh, Jr., will talk on the "AMA Tax Program" at the next regular meeting Sept. 24.

Pelon Takes Lead In Series Fight For City Title

Pelon Sunoco came up with one run in the last of the seventh inning Friday night to defeat Barber Fords, 1-0, and go one game ahead in the playoff series to decide the 1951 city league softball champion of Holland.

Case Veldman of Sunoco and Harry Vander Veen of Fords hooked up in a first rate pitchers' duel Friday to provide the well-sized crowd with plenty of thrills.

The winning run scored for Sunoco in the person of Cec Serier, who walked with one down in the seventh. Jay Hoffman flied out for two down, but Jim Bagladi lined a single to right field, and Serier streaked for third. Ford rightfielder Ben Jansen rifled a throw to third that somehow eluded third sacker Chet Johnson and went into the stands, while Serier walk across home for the only run.

Veldman pitched a beautiful game for the winners. The only hit for Fords came in the seventh inning when Tony Bouwman tagged a well-hit single to left. Only five Ford men reached base, and none advanced past second. Veldman faced only 24 batters—just three over the 21-man quota for seven innings—and only two balls besides Bouwman's hit went to the outfield. He fanned five, walked one and hit one batsman. Sunoco fielders made one error behind him.

Vander Veen also turned in an excellent mound job. He was touched for four hits, and faced 25 men in the six and two-thirds innings Sunoco batted. Besides singles by Wayne De Neff, Serier and Bagladi and a double by Harry De Neff, only three fly balls went to the outfield.

Seven Sunoco batters reached base, and only two got as far as second until the winning run. Vander Veen reached his peak in the stretch from the second through the sixth inning when he set down 13 men in order. The Ford hurler fanned four and walked only one, while his Ford mates made two errors behind him.

A perfect combination of softball factors got Vander Veen out of a hole in the seventh before the fateful run for Sunoco. Harry De Neff led off the seventh with a hard line drive between right and center. It was good for a double in any ball game, but Harry raced for third while playing the percentages that the Ford fielding would have to be perfect to throw him out.

It was. Gil Bos rifled a perfect throw to shortstop Ron Appleton, who in turn threw a perfect toss to Chet Johnson, who tagged De Neff at third. But then Serier walked to lead to the only run of the game.

Van Voorst-Van Hekken Wedding Vows Spoken

In a candlelight ceremony, Miss Marilyn Ruth Van Hekken and L. Bruce Van Voorst exchanged wedding vows Friday evening in Fourteenth Street Christian Reformed church with the Rev. William Van Peursem, former pastor of the church, reading the double ring ceremony.

The bride is a daughter of Mr. and Mrs. Martin Van Hekken, 18 West 31st St., and the groom is a son of Mr. and Mrs. Jacob Van Voorst, 207 East 26th St.

Vows were spoken before a background of roses of ferns, baskets of white gladioli and seven-branch candelabra. Pews were decorated with white gladioli tied with white bows.

Miss Gertrude Beckman played appropriate organ music throughout the ceremony and accompanied Lewis Van Bunte as he sang "Ich Liebe Dich," "O Perfect Love" and "Wedding Prayer." Miss Beckman also played the traditional wedding marches.

Wedding attendants were Miss Lois Van Dyke of Zeeland, maid of honor; Miss Joanne Geerds, bridesmaid; Mary Louise Van Voorst, sister of the groom, flower girl; Jay Vander Sluis, best man; Nick Yonker and Leslie Van Hekken, ushers.

The bride, who was escorted by her father, wore a floor-length gown of Brussels lace over a fitted bodice with high neckline, pointed collar and tiny covered buttons extending to the waistline. Long tapered sleeves ended in points over the wrists and a double white net skirt completed the gown. Her fingertip veil of imported French illusion was held in place by a matching lace head-dress ending in tiny pink flowers. She carried a white Bible topped with white carnations and satin streamers tied with pompons. She had made her own gown and those of her two attendants.

The bridesmaid and maid of honor wore gowns featuring delicate bodices with off-the-shoulder

der molded bertha collars, and overskirts and stoles of white net. Miss Van Dyke wore mint green taffeta and Miss Geerds leaf green. Both wore tiny matching mitts. Miss Van Dyke carried a colonial bouquet of gold mums and Miss Geerds, bronze mums. Both wore matching mums in their hair.

The flower girl wore a floor-length gown of pink taffeta fashioned with a scalloped yoke and hemline edged in ruffling. She carried a basket of rose petals and wore a pink mum circlet in her hair.

A reception for 100 guests followed in the church parlors where a wedding supper was served by Misses Donna Bosman, Shirley Van Dyke, Alma Wedeven, Joyce Weaver and Marjorie Fuder. Mr. and Mrs. Marvin Van Hekken were master and mistress of ceremonies. Misses Lois and Norma Knoll, cousins of the bride, presided at the punch bowl and Mrs. Leslie Van Hekken and Miss Norma Van Dyke took charge of the gift room. Miss Edith Bos took care of the guest book.

Mr. Van Dyke sang "Because" and "Through the Years" at the reception and Miss Helen Van Vels gave a reading. The Rev. Henry A. Mouw of Sixth Reformed church spoke briefly.

The couple left on a southern wedding trip and will be in their new home at 27 West 31st St. after Sept. 17. For traveling, the bride wore a charcoal grey and white print dress of starched taffeta with black velvet accessories and a corsage of yellow mums.

Both the bride and groom are life-long residents of Holland and graduates of Holland high school. The bride is employed in the office of the Hart and Cooley Co. and the groom who completed a year at the University of Michigan is transferring to Hope college.

Conference Heads Discuss Plans For Coming Year

Officials of the Southwestern conference met for their annual fall meeting at The Castle Friday night to discuss plans for the coming season.

Including coaches, school principals, athletic directors and superintendents of the six-school conference, 57 attended the dinner-meeting.

Attending the meeting from Holland high were Principal J. J. Riemersma, athletic director Joe Moran, and coaches Bob Stupka, Fred Weiser, Austin Buchanan, Gerrit Wiegink, Carroll Norlin, Bob Connell, and Jack Rombouts.

Principle athletic item discussed concerned the 1952-53 basketball schedules, where all six schools agreed to move the starting date of conference play ahead one week. The basketball schedule has been made out for a 10-year period, covering 1950-1960, and the conference has in past years opened at about the end of the first week in December. That rule now is changed, and basketball play will start about the end of the second week in December.

Football was discussed informally, and rule clarification was made.

The golf trophy for the 1951 season was in dispute between Benton Harbor and Muskegon. Each team had lost one match, but the dispute arose over which of two matches played should count in conference standing. Teams generally play each opponent twice, one match counting only as practice. Coaches for the two teams finally decided to share the championship this year, and the rule was clarified for succeeding years.

Eugene Thomas, president of the conference, presided.

'77ers' Don't Fade Away When It's Reunion Time.

Gen. Douglas MacArthur was only half right when he remarked "old soldiers never die, they just fade away," according to members of the "77ers," Officers training company of World War I.

Members of the First officers training school unit held their 33rd annual reunion at Macatawa hotel last week-end after a rousing welcome Friday afternoon and evening. The spunky veterans at Macatawa last week-end didn't show the least sign of "fading away."

One of the most amazing features of the outfit is that it was an Army organization for just three and a half months at Camp Custer. That was from shortly after Jan. 1, 1918, to April of that same year. And at Macatawa hotel today there are 70 members of that 204-man company.

The members figure 70 men attending this year's event represent 90 per cent of those physically able to attend a reunion.

It's reputed to be the only organized outfit of company strength from the first world war to hold annual reunions. Their ranks now include lawyers, engineers, a vice president of General Motors and a corporation president.

But once these men join their buddies at reunion time, it's just another gabfest and songfest, with lots of laughs and stories of old times thrown in.

The men take their hats off to their old captain, the late Tom Thoits, of Grand Rapids, for organizing the reunions and for keeping the men in touch with each other through the years. Capt. Thoits was killed in an auto accident in 1936. Each year the men assemble at Macatawa, a representative travels to Grand Rapids to lay a wreath on his grave.

One of the features of the 1951 reunion is that is brought together three men who were regular Army until they joined the officer's class. They were Harry Cook of Bellingham, Wash., Frank L. Coates of Watervliet, N. Y., and Ben W. Rucker of Ann Arbor, Mich.

And one of the liveliest men at the reunion each year—the perennial song leader—is none other than John J. Cronin, vice president of General Motors corporation. And he knows 'em all—old and new.

Simon Den Uyl, president of Bohn Aluminum Corp., was host to the reunion guests and their wives while they were in Holland. The event has been held here for the last four years. Members of the old 77th liked Holland and Macatawa so well that they have voted it permanent reunion site.

Batting Explosion In Final Inning Flattens Barber

Wayne DeNeff, Harry DeNeff, C. Serier, and Jay Hoffman combined efforts at the plate Monday night to hammer the Pelon Sunoco softball team right into the 1951 city championship.

The four Pelon batters went to work with a vengeance in the final inning of the fourth playoff game. They overwhelmed Harry VanderVeen and his Barber Ford teammates with a four-run rally to break up a tight 1-0 pitchers' duel that had developed during six innings of play.

Ironically, for VanderVeen, it was his first—and only—walk of the evening that started the run landslide and knocked Fords out of the championship series.

VanderVeen issued a pass to Wayne DeNeff, first Pelon batter to face him in the seventh, and that gave the champions the spark they needed.

Harry DeNeff was second man to face VanderVeen that inning, and he belted a long double good enough to score Wayne and tie the ball game at 1-1. After a mound conference, Fords went back to work, but Cee Serier, third Pelon batter, promptly whacked a single to score Harry DeNeff and give Sunoco a lead it never relinquished.

The final hit of the ball game and the season was made in epic fashion by Jay Hoffman, who slammed a home run to score Serier ahead of him and end the batting effort for Pelon. Jim Bagladi got to first on an error after Hoffman's homer, but the next three batters went down in order to end the top of the inning.

Fords took their final chance at bat, but Case Veldman, who allowed five hits, issued three walks, and struck out seven batters during the fray, got Gil Bos on a strikeout, and the next two men on infield outs to end the game and the season.

But for the seventh inning explosion by Pelon, VanderVeen would have taken a 1-0, two-hit triumph. He had allowed only Veldman and Harry DeNeff singles earlier in the game, and issued no walks during the first six frames. He struck out five.

VanderVeen also scored the only run made by Fords, coming home when Tony Bouwman singled in the third inning. VanderVeen had singled to first, and walked to second when Bos was issued a pass before Bouwman drove him home.

Chet Johnson and Jud Vender Zwaag each got singles and Chet Piersma hit a double, the only other hits made by Fords.

The game ended play in the city softball loop until next year. Fords won the first half, but slipped into third place in the second round. Main Auto and Pelon then battled through a three-game play-off series for the second half title, and Sunoco took that tourney to reach the finals against Ford.

Scores of the four games indicate tight play and strong pitching. Pelon won 2-1, lost 7-6 and then winning 1-0 and 4-1.

FREEDOM FOR "RADIO FREE EUROPE"

One of the minor favorable signs
that have come out of satellite
Europe is the fact that Czechoslo-
vakia has been repeatedly protest-
ing against the broadcasts of Radio
Free Europe. Those protests prove
that it is worthwhile to give all the
moral support to this project that
the government or the Amer-
ican people can give. For the
violence of the protests is a mea-
sure of the harm Radio Free Euro-
pe is doing to the Communist
Czech government; and the harm
it does to that government is a
measure of the good it is doing
to the free world.

The American government de-
serves little commendation for its
repeated refusals to interfere with
Radio Free Europe. There would be
no point in commending the
government for doing what it is
compelled to do under the terms of
the constitution itself. Under that
constitution Radio Free Europe
would be entitled to attack the
government of the United States in
the same way in which it is at-
tacking that of Czechoslovakia.
That is an idea that totalitarian
governments can never grasp.
That the bitter critics of the
president and of the state depart-
ment and of the administration in
general are Americans in good
standing supported by one side of
American public opinion and pro-
tected by American laws is an idea
that remains incomprehensible to
dictator governments.

Radio Free Europe doubtless
engages in propaganda from time
to time that cannot be ethically
defended. Nor can many of the
attacks made by Americans on the
president or attacks made by the
president on Americans in the
Republican ranks. This country
cannot assume the role of umpire
in propaganda either at home or
abroad. The only things it can
and should do to protect the right
of anybody to express himself
freely, letting the courts decide in
each specific case whether it con-
forms to the rules of libel or
slander.

Communist Czechoslovakia will
of course never understand that.
It would seem that the only thing
that could be done to give that
government a glimmering of the
real situation is to demand that
the Czech government straight-
way cease attacking the govern-
ment of the United States. We
can have no desire to do that; let
them attack all they please and
disseminate all the lies they
please. Such things don't hurt us.
But perhaps the analogy would
help those satelliites to understand
the foolishness of their
demand for a curb on Radio Free
Europe. Maybe Mr. Gromyko has
the answer he seems to be a pretty
good talker.

The Larger Fellowship of
Christians

Acts 11:27-30; 15:1, 2
By Henry Goerlings

One of the important means of
growth in grace is the cultivation
of personal friendship with people
who truly know the Lord. The
ideal situation is for such fellow-
ship in its most intimate form
to be found in the home between
members of the family, all of
whom belong to Christ.

To worship together daily in the
family circle, to discuss religious
truths that are based upon the
Bible, to counsel with each other
concerning personal problems in
the spiritual realm, to pray earnestly
with or for one another
when some special need arises,
all contribute greatly to our spiri-
tual development and constitute
a safeguard against the assaults
of the evil one. If only part of the
members of a home are Chris-
tians, the religious value of the
fellowship will be reduced.

It is a source of inspiration to
have fellowship with Christians
who are outside of the home
circle. It is a fine thing for Chris-
tians to visit each other in their
homes. It is also helpful to pray
and plan and work together in the
secondary organizations connected
with the church, such as mission-
ary societies and young people's
groups. Such fellowship helps to
satisfy one's social as well as re-
ligious longings; and it is far bet-
ter to develop one's social life
within the circle of believers than
among the irreligious who are
outside.

In these days most Christian
communities have some services
such as on Good Friday and
Thanksgiving Day and the World
Day of Prayer, when people of dif-
ferent denominations join in wor-
ship; and there are often various
semi-religious activities of a com-
munity nature in which Christians
engage. It is well that this is so.
Such activities promote a fellow-
ship that is satisfying because it
is permeated with a religious at-
mosphere and is accompanied with
a fellowship with God.

Our fellowship tells how the apostle
Peter and others in the early
church were led into a broader
fellowship than they had believed
possible. Through very definite di-
vine leading Peter was led to do
the unlawful thing from a Jewish
standpoint of going into the home
of Cornelius and of witnessing
there before Gentiles. The results
were salutary. The whole account
is of great interest and reveals
how God was working effectively
at both ends of the line to over-
come prejudices and bring about
an enlargement of Christian brother-
hood.

From our standpoint many cen-
turies later, there cannot be the
slightest question about the prop-
erty of Christian fellowship with
people of other nations and races.
Most of us are Gentiles to whom
the grace of God has come, and
we may profit through fellowship
with both Gentile and Jewish be-
lievers to the ends of the earth.
The record of God's dealings with
others recorded in our missionary
literature and in personal letters
from Christians in distant lands,
and sometimes heard from the
lips of people of other nations
either in public addresses or in
private conversation, serves to in-
spire our hearts and helps us to
feel that we are all one in Christ.

There is something of a thrill
in knowing a brother whom we
have never seen, and in feeling
from the words he writes the pul-
sating of a spiritual life which we
likewise share. His English may
be broken, but the warmth of his
heart behind it may cause our
heart to glow. As we cultivate
such friendships, or Christian
friendships of any kind, our own
lives may be enriched.

One of the greatest handicaps
to Christian fellowship is the ten-
dency to emphasize the superior-
ity of small groups, and to feel
that we are something special be-
cause we belong. Every pastor has
to combat this trend in every
church, and when carried to ex-
tremes this spirit disrupts organ-
izations to the extent that fellow-
ship is replaced by bitterness. The
pride of grace is a fearful thing,
and when any group begins to
feel that its members have a cor-
ner of truth, or possesses special
spiritual discernment, they are a
snare. A specific doctrine may im-
press a teacher or student and he
begins to stress that one teaching
to the exclusion of all other
truths. He fires others with his
enthusiasm and soon there is
trouble. In time they may cause
a complete rift and they walk out
to build a church of their own.

This spirit leads to complete
loss of power in the service of
Christ. The controversy becomes
more important than evangelism.
In the sad disruption of our pre-
sent situation among evangelicals
in America there is danger that
a great deal of harm will be done.
The problem of factionalism con-
tinues to be a serious problem
in Christian communities. This
ought not to be. The ground
around the cross is level, and in
the larger fellowship of believers
there ought to prevail at all times
a spirit of genuine neighborliness
and love.

Nutchuck in Action

Eskimo Teaches Singers
How to Roll Those Chords

Holland barber shoppers had a
brand new treat at their first
meeting of the season Monday
night when Nutchuck, a native Es-
kimo, led local warblers in some
of the good old choruses.

Nutchuck, whose conventional
name is Simeon Oliver, often
leads choruses at his home chap-
ter in Anchorage, Alaska, and ed-
its the chapter's bulletin. Before
coming to Holland about two
weeks ago, he visited a SPEES-
QSA chapter in Oregon. He and
Mrs. Oliver are touring the United
States on lecture tours.

They visited Holland earlier in
the summer and were interviewed
by The Sentinel on that occasion.
Nutchuck was born in a little
village on the Aleutian chain. He
took his pre-college training in
Alaska and attended North-
central college in Naperville, Ill.,
and later studied music under a
scholarship at the Chicago con-
servatory. He did radio and con-
cert work seven years in this
country before entering the lec-
ture field in 1936.

Aims, Purposes For Year Listed By School Board

"We want to make Holland's schools the best in the state," the committee on schools said as it offered its purposes and aims for the year 1951-52 at a monthly meeting of the Board of Education Monday night.

School Supt. Walter Scott more modestly qualified the "aims" as hoping to make Holland's schools one of the "outstanding systems" in Michigan, as he concurred in the program set forth by the schools committee, consisting of Mrs. Kenneth De Pree, chairman, James Hallan and Vernon D. Ten Cate.

The aims for the year follow:

1. Maintenance of good relations between Board of Education and all employees and between the board and sending districts.
2. Interpretation of the work and problems of the school to parents and the public in general.
3. Improvement of the social recreation program within the junior and senior high schools.
4. Evaluation of the adult education program.
5. Evaluation of the Social Hygiene unit of study as now being used.
6. Survey to determine educational needs of the community.
7. Dedication of Lincoln school.

Changes in the elementary tuition for non-resident pupils also were explained, calling for a \$10 increase boosting the tuition charge per student to \$35. There are some 26 non-resident pupils in elementary grades this year. Non-resident elementary students are admitted only if space is available.

Letters have been sent parents of such pupils explaining the reasoning behind the increase. Letters said the previous charge of \$25 is considerably less than the per pupil cost. On the basis of figures for the school year just ended it costs \$207.57 for each pupil enrolled in Holland schools. This amount represents only operation costs which includes teachers salaries, building maintenance,

New Air Conditioned Office for Blood Brothers Manufacturing Co.

New Blood Brothers Office Building Releases Space for Manufacturing

Allegan (Special) — Additional manufacturing space sorely needed by Blood Brothers Manufacturing Co. has been made available by moving offices into the firm's newly completed fireproof and air conditioned office building.

The new brick structure comprises 10,800 square feet of office space. In addition, the company has just completed a new manufacturing addition 75 by 186 feet, which will add materially to the plant's production capacity.

The company, at the present time, has the largest backlog of orders in its history. G. R. Wilber, vice-president and general manager, said today. Working three shifts a day six days a week with a bottle-neck on Sunday, the company expects to exceed last year's shipments unless material shortages get steadily worse. There are 728 persons on the payroll now.

Making universal joints and propeller shaft assemblies, the firm serves more than 600 customers throughout the United States and Canada. Wilber said. Farm equipment manufacturers are the largest users of Blood Brothers products, and about 25 per cent of the plant's total output is defense work. This percentage is increasing from month to month, the official stated.

Firm Serves City And Community

S. A. Dagen, as constituted since incorporated, serves this community in sales and service of Dodge and Plymouth and Dodge job-rated trucks. Service of these cars and trucks as well as all other makes is a large part of the firm's function in serving the city of Holland and out lying community.

The shops are equipped with the latest equipment designed for expert analysis and repair of all cars. These facilities plus factory trained personnel make for reliable efficient service.

Among the services offered by S. A. Dagen, Inc. are expert lubrication, major and minor motor repair and wheel alignment. Body repair and paint work from the recently expanded body, repair shop is among the finest. A large phase of the firm's operation is that of the Dodge Job-rated truck, it's sales and service. As the term suggests "job-rated" means the suiting of the truck to the size and requirement of the job to be done. The firm's salesmen are trained to guide the buyer in choosing just the truck that is engineered to his particular requirements. Trucks offered by the firm range from the half-ton pickup, through panel trucks, route vans and even the heaviest units.

A good selection of used cars and trucks is always to be found at the Dagen used car lot located east of Holland on M-21 at the intersection of the new US-31.

The automobile industry is handicapped by shortages of materials to build cars and trucks. A shortage of parts necessary to maintain the operation of cars and trucks is already in evidence. Therefore it seems wise to suggest immediate attention to the repair of present equipment and purchase of new when needed.

While it is true that as every day passes the procurement of cars and trucks is becoming more difficult they are yet able to make immediate deliveries of some body types and models of passenger cars and trucks.

You will find S. A. Dagen, Inc., 8-14 West Seventh St., ready to serve you at any time by sales or service. Emergency wrecking and tow service, 24 hours a day.

The current window display at the Chamber of Commerce illustrates part of the safety campaign sponsored each year by state and national trucking associations. Shown are several trophies awarded in state and national road contests, which are designed to encourage skillful and safe driving practices within the industry. Scoring at the road contests is based on drivers' knowledge of the trucking industry, safe driving practices, first aid, fire fighting, highway courtesy and ability to

maneuver equipment through an obstacle course which includes such features as an offset alley, serpentine course, reverse jackknife, backing into an alley door and driving a straight line. Gordon Timmerman, Holland driver for Associated Trucklines, placed second in the straight truck division at the 1951 road contest at Lansing last month. Associated sponsors the window display.

Carey's Speed Sparks Prep Team In Offensive Play

Coach Juggles Hope Lineup to Take Up Slack Of Depth-Thin Squad

Tom Carey, little sparkplug in the Holland high football backfield, showed some of the speed Tuesday afternoon that should make him a top contender for conference and state honors in the coming grid season.

His running was thwarted in offensive scrimmage at 22nd St. field, but when given a tolerable hole in the line, the little speedster was able to pick his way upfield for several long gains.

Coach Bob Stupka is banking heavily on Carey's speed to rip into the Creston defenses Saturday night when the Dutch open at Riverview Park.

Also shining in practice Tuesday was the rangy end, Tom Maentz. A good all-round athlete, Maentz snared several passes during the scrimmage worth long gains, and seemed not at all troubled by defensive players.

Frank "Sam" Van Dyke, shifted from end to fullback this year, is taking to his new position rapidly. He showed this Tuesday by sweeping around end and going through the line for healthy gains during scrimmage.

Another outstanding player in recent practice is co-captain Dan Hazebrook, rugged right guard. Hazebrook's spirit and drive along with his experience will mean much in the Dutch forward line this year.

Spirit and life seem to mark the team as a whole, and Coach Stupka has remarked several times of the willingness of the squad.

Tuesday's work covered both offense and defense, but Stupka said today and tomorrow probably will be spent on offensive scrimmage, with only a light drill slated Friday.

Meanwhile, at Van Raalte field on East 11th St., the Hope college squad was going through its twice-daily routine of workouts.

Coach Al Vanderbusch worked his depth-thin squad in several combinations in the afternoon, using some backfield men in two positions to take up slack and give the team greater versatility.

Little Jim Willard, right half on both offense and defense, has proven an outstanding runner and shifts rapidly in the backfield, Vanderbusch said.

For linebackers, Hope has Neil Droppers, Bill Bocks, Herm Nienhuis, John Newton and Jim Van Hoeven. Van Hoeven played offense last year, but will double on both offense and defense this season, Vanderbusch said.

Two veteran offensive ends are back with the squad this year, but three promising freshmen are working out to bolster the squad at this point. Jack van der Velde and Fuzz Bauman are the veterans, and Bob Schreiner of Grand Rapids, Paul Bos of North Muskegon, and Roosevelt Smith of Grand Rapids are the up-and-coming youngsters.

Bauman was sidelined with a cold yesterday, but is expected back today. The squad practiced again this morning and afternoon work was slated to start at 2:30 p.m.

Styles in Army uniforms certainly have changed since 1918 when the First officers training school was at Camp Custer. Lester C. Batdorff of Detroit (left) was officer in charge and Simon Den Uyl (right) was host to the group of men and their wives. Pretty, dark-haired Sofia Rodriguez of Holland, was runner-up to Martha Luna of Lake Odessa in a contest Saturday night to select a queen for a Mexican Fiesta in Grand Rapids. Occasion was celebration of Mexico's 141-year-old Independence Day. It was a national holiday in Mexico and a bit of the old country prevailed at the Grand Rapids fete. It was the first organized recreation of the season for migrant Mexican workers in Western Michigan, according to Lucio B. Pena, representative of the Texas employment service. Mexican workers from Muskegon, Big Rapids, Lake Odessa, Grand Rapids and Holland attended. The Fiesta will be continued Sept. 15 and 16. Pena pointed out that this event is the first in a planned series of native celebrations for the workers. Mexican Consul Enrique Bravo (left) took time out from his inspection trip to Holland to wish Senorita Rodriguez best of luck Saturday afternoon. (Sentinel photo)

Mexican Consul Visits Holland and Vicinity

Enrique Bravo, Mexican consul to the United States, visited Holland and vicinity for the first time during the week-end and was much impressed with "roads and well-kept homes in this area."

Senor Bravo, is attached to the Mexican consulate in San Francisco and works out of Chicago. He was here primarily to inspect conditions of Mexican laborers.

While in Holland he had a chance to mix some sight-seeing with his other duties—including a visit to the Netherlands museum and other points of interest.

He talked with Mexican nationals working at crop harvesting projects in this area and toured the H. J. Heinz plant. He was accompanied by Lucio B. Pena, representative of the Heinz growers and employment committee of Holland in Texas and the Texas employment service, and Alan Teall, general agent for the Heinz company.

Teall pointed out that there are 2,800 Mexican nationals employed by the Heinz growers employment committee and the Michigan growers in Michigan. A total of 10,000 Mexican laborers employed to harvest crops in Michigan includes many Texans, Teall and Pena said.

Teall said these imported laborers really saved crops in Michigan because there was an actual shortage of that type labor due to the defense program. They helped harvest pickles, strawberries, blueberries, onions, cucumbers and many other crops.

"We have been extremely satisfied with Texas migrant labor referred to us by the United States employment service and supplemented by Mexican nationals," Teall said. "Without them we wouldn't be able to grow large acreages and get the crops harvested."

"We strive to better their housing and recreation facilities," he said.

When harvesting is completed within the next couple of weeks, the migrant laborers will go south to help harvest "one of the biggest cotton crops in history" in Mississippi, Arkansas, Alabama, etc.

Senor Bravo emphasized that many Mexican families working in this area send money home. These dollars are bought up by the Mexican government which uses the money to turn around and buy machinery used in Michigan. He said this amounts to a \$15 million business yearly. And he added that the migrant laborers leave many thousands of dollars of their earnings in Holland business places.

Tie Climaxes Horse Racing

Allegan (Special)—A dead heat, the first in memory of most Allegan county fair harness racing fans, climaxed the first day of a spectacular four-day meet here Wednesday.

The tie occurred in the first heat. In the second race Grandfather came home first and Lee Hope came in third. Robert B., owned by George Wosaski of Mishawaka, was second.

The colt race, two-year-old trot, was taken by Hi-Lo Bruce of Fowlerville with Bruce Over of Lake Odessa following in both heats. Bob Shipley of Martin kept his five-year record intact by winning the plug horse race Wednesday afternoon. He has collected the \$15 first prize for five years. Jack Forbes of Otsego was second and Donald Graczyk of Wayland third.

Fort Custer Drubs Composite Team Of Dutch, Chix

Zeeland (Special)—Fort Custer continued along its whirlwind season at Zeeland Thursday night by drubbing a composite team of Holland Flying Dutchmen and Zeeland Chix, 11-3.

The game was close until the final inning, when the Majors broke it up with a seven-run rally to wipe out all chance of the Stars coming out of a 4-3 hole.

That 4-3 score had been built by each team scoring three runs in the first inning, and Custer adding one in the sixth.

Don Gilder, pitching for the Stars, held on grimly until the final frame, when the roof caved in and he allowed four hits and the Chix committed two errors behind him.

Two Fort Custer pitchers, Smith and Warzyki, gave up only four hits to Zeeland batters. Sherwin Louma got two of them, and John Raterink and Whitey Witteveen each got one.

Witteveen was one of four Holland players "loaned" to Zeeland for Thursday's game. Others were Lloyd Driscoll, Gene Schrotenbor, and Tony Wentzel, Loren Wenzel, one of the Dutch managers, also was on hand but did not play in the game.

Grand Haven (Special) — Miss Frances N. Hager, 20, Muskegon Heights, received head lacerations and bruises and a ticket from state police for not having an operator's license, excessive speed and failure to have her car under control last Friday.

The chain of events occurred when she lost control of a car and it rolled over when she attempted to get back on the highway. The car was owned by Donald Japinga, route 2, Ravenna. Helen J. Japinga, 20, Ravenna, a passenger in the car, received face lacerations and a dislocated right elbow.

At 8:15 p.m. Friday on US-16 in Crookery township, cars driven by Noble W. Cogan, 23, Grand Rapids, and Robert J. GRAND HAVEN ADVANCES

Grand Haven — Grand Haven high school is bulging with 831 students this new school year. Enrollment is 40 more than last year's 791 count. With an enrollment over 800, Grand Haven advances into the A school class.

Mark Stafford, Wayland, gets a helping hand from Jess Conlan in grooming Curley for the 4-H livestock judging today. The boys, particularly Mark, who raised the animal, have high hopes for the

Hereford because he belonged to a friend, accidentally killed last year. The Chappell club, of which Mark and Jess are members, plan to turn Curley's auction profits to the county's 4-H camp fund.

Hefty Scramble Steer Is Memorial to Youth

Allegan (Special) — Regardless of their own hopes for some county fair blue ribbons, boys of the Chappell 4-H club from Wayland are pulling hardest for Curley, a Hereford steer, which none of them own.

Curley is a scramble steer, caught last year by Elwyn Baker, a Wayland lad killed in a tractor accident two months after the fair. Elwyn was to have raised the steer and brought him back for this year's judging and beef auction.

After his son's death, Eli Baker gave the animal to the Chappell club.

Mark Stafford, 13-year-old son of Ives Stafford, volunteered to feed and care for Curley until the 1951 fair. He's brought him to the show in good shape. The 1,100 pound Hereford ranks among the top contenders for the class blue ribbon and a high price on the auction block.

But Mark's only reward will be the \$5 he'll get for showing the steer, and a chance at the \$10 first prize, or \$7.50 second ribbon.

The money that Curley brings next Saturday at auction will pay off the note Elwyn signed for the animal. And the profit, which may run high, is going to help all the Allegan 4-H club members.

For the Chappell club—and Mark—have agreed to put Curley's earnings in the Camp Kidwell fund as a memorial to their late pal, Elwyn Baker.

Woman Protests Fishing at Dam

Allegan (Special) — A Valley township woman, irritated over the crowds of fishermen who like the Allegan dam as a fishing site, was told by the city council Monday night it was unable to prohibit fishing in any stream.

Mrs. Emil Johnson who lives on the Allegan dam road, said the situation was a nuisance, created a fire hazard and the resulting litter was intolerable to property owners near the dam.

She was referred to the conservation and sheriff's departments for advice on those matters. But the council, she learned, has no power to prohibit or control fishing in public waters, even though the pool is created by a municipal dam.

The council started action for paving of Academy St. and voted to start withholding social security payments from city employee checks in order to start participation by Oct. 1.

A new heating system was considered for the public library, which has been heated by the Griswold auditorium plant. The present method is believed expensive and unsatisfactory.

Vandenberg to Be Guest Of Republicans at Fair

Allegan county Republicans have invited Lt. Gov. and Mrs. William C. Vandenberg to be their guests at the Allegan fair Saturday afternoon.

The lieutenant governor will be introduced to the fair audience from a box seat in the grandstand. The 80-piece Holland high school band also will take part in the Saturday afternoon program.

Kneeling with Stupka at right is Frank Van Dyke, who has taken over work at fullback this season, although he played end last year. Behind Stupka, left to right, are Dan Hazebrook, Roland Vander Ven, Tom Maentz, and Tom Carey. Hazebrook and Carey are co-captains of the squad this year. Careybrook's work at right guard has been outstanding in drills this season, and with Vander Ven at center, the Dutch line looks strong and heavy. Maentz at right end and Carey at right half complete the old-guard group in the picture. (Sentinel photo)

Lou Krupp Hurls Three-Hitter to End Dutch Year

Holland's Flying Dutchmen had one bright gem in their record bag today, in spite of an otherwise lusterless season.

The Dutch gave their arch-rivals, the Zeeland Chix, an effective 5-1 defeat at Zeeland Tuesday night to end the season for both teams, and give Holland three wins in the five-game Zeeland series.

Because it was the final game, both teams agreed to let Holland bat last, and the Chix started at the plate. But Lou Krupp, who has worked effectively for the Dutch this year, was unbeatable Tuesday night, and silenced the Zeelanders with a clean three-hitter. Two of the Zeeland hits were singles, and one drove in the lone Zeeland run, while the other was a triple to left by Raterink.

But apart from these scattered blows, Krupp was never in trouble. He struck out 10, allowed seven walks, and threw no wild pitches. The passes he doled out one each inning, with the exception of the third and fourth frames.

Behind this strong mound effort, the Dutch were giving Krupp the support he needed. They whacked two hits in the first inning and one in the second, before Lou Borgman singled in the third and was worked home when Tony Wentzel and Morrie Witteveen walked and Driscoll reached first on an error.

The Dutch really went to work in the sixth inning, however, and got three runs off Zeeland pitcher Chuck Jeffers. Jeffers gave Ted Boeve a pass to start the inning, and then Krupp reached first on an error. Lou Humbert singled to score Boeve, and Jack Van Dorpe advanced both runners with a sacrifice setting the scene for Tony Wentzel's single that scored both Krupp and Humbert.

Bob Dangel took over the Zeeland mound for the final two innings, and struck out four Dutchmen in those frames, but he also allowed one run. That tally came in the eighth, on successive singles by Humbert and Van Dorpe, and an error on the part of Dangel, who threw past first trying to quell Humbert off.

Zeeland could not score in the final inning, though they threatened with a walk and a single before Krupp was able to quell them.

The Dutch ended the season with 10 wins and 16 defeats, worst record in their 18-year history.

Allegan Plans Two Important Road Projects

Allegan (Special) — Two important road projects to be done this fall were outlined today by the Allegan County Road commission.

Reconstruction and resurfacing of the Monterey road, north of Allegan to Knobloch's corners, will be started this fall unless bid prices are too high, county officials said.

Bids are expected to be taken this month, with the progress schedule calling for an early start. If bids are deemed unsatisfactory by the road commission, other methods will be worked out.

Resealing of the county road from Pullman to US-31 will be a major repair project on the September calendar, as well. The commission announced plans for resurfacing the old blacktop road for eight miles west of Pullman by placing new surface in broken spots.

It is part of the 1951 repair program, according to C. A. Monteth, commission chairman, and is being done under the old tax distribution program. The new road fund allocation became effective too late to help this year's maintenance work, he pointed out, but the commission is already planning next year's work on the basis of the new distribution.

In connection with the Monterey project, Homer Ward, county road engineer, said plans are completed for final approval by the state and federal highway officials. The federal aid project calls for a 50-50 split in cost between federal and county units.

"Due to the nature of the work, it can be done late in the season with much less inconvenience to heavy summer traffic," Ward commented.

The construction calls for grading, drainage, and gravel surface to prepare it for future blacktop paving.

Sharp curves will be eased, and some hills will be cut down, particularly a dangerous spot atop Poplar hill. Approaches to the cemetery on that hill will be improved as safety measures.
